

ENECON Mid-Atlantic Hosts Successful Customer Event at Local Aquarium

ENECON hosted a customer event inside Camden New Jersey's Adventure Aquarium. Over 40 current and prospective customers from all over the region were in attendance.

The multi-media presentation given by ENECON's Mid-Atlantic Engineering Team covered the latest advances in polymeric maintenance and repair technology.

The open forum permitted the attendees to share their ENECON application stories, as well as learn from each other regarding problem solving. Discussions were always lively and productive.

After the formal seminar, the entire group enjoyed a V.I.P. luncheon and was given full access to the aquarium for a memorable time.
